

Year 7 Summer Maths Challenge

Design a Maths Poster

Choose any three topics from the following:

Fractions, Decimals, Percentages, Perimeter, Area,
Volume, Order of Operations (BIDMAS)

What your poster should include:

- Choose **three** topics from the list above.
- Give a clear explanation of each topic you have chosen.
- Use pictures and diagrams.
- Include a worked example with answer for each topic.
- Make sure your name is on your poster.

How your poster should look:

- Use one piece of paper no bigger than A4.
- Make your poster bright and interesting; we look forward to displaying selected posters.
- Your poster can be printed or hand created but it must be your own work.
- Your poster can be either portrait or landscape.

**Enjoy the challenge
and bring it with you when you join us,
for what we affectionately call 'Boot Camp', in September.
We look forward to seeing you then!**
