

Year 7 North Cestrian NCS100 Book Review

Reading at North Cestrian is a challenging, thought-provoking and stimulating activity. Over the summer, the English department would like you to challenge yourselves by reading and reviewing an NCS100 book you feel meets this criteria. The NCS100 is a list of books that we challenge you to complete reading by the end of your time here, so this summer is an ideal time to get a head start! A list of the books is available over the page and a more detailed list with blurbs is on the Induction area of the website. Hand in your book review at Boot Camp to receive a prize!

Your review should fill this box, and aim to cover the following areas:

- The genre of the book
- The basic outline of the plot (no spoilers!)
- How it fulfils the criteria of being challenging, thought provoking and stimulating
- Who you would recommend this book to, and reasons for this
- What the author did to keep you motivated to keep on reading
- Your favourite quotation from the book, and reasons for this

Lined area for writing the book review.
